ODP Conference a Success

Informal verbal comments and early returns of critique sheets indicate that the first Office-wide Conference for ODP was an unqualified success. There seemed to be something in the Agenda of interest to everyone. The arrangements made by the [REDACTED] staff made our stay a pleasant and productive one. We are grateful to the other DDA Offices who hold annual conferences [REDACTED]. We borrowed heavily from their experience, especially the Office of Finance, in setting up our Conference. This saved us from overlooking many details which otherwise we would not have considered.

VM Password Change

New passwords were issued on 20 March 1977 to the users of the interactive system (VM). About 150 users were eliminated from this system in a verification exercise prior to issuing new passwords. There are now approximately 1900 VM users.
